5110mm

This unit can be used for tricep dips and standing press-ups - a great way to develop strong triceps whilst also working on the chest.

The workout Range features individual fitness stations which offer an environmentally friendly outdoor fitness facility. Each unit is designed to target a specific muscle group, creating a variety of activities which can create a full body workout or aid recuperation after accident or illness. Workout units are available in three attractive colour combinations : blue and silver, green and silver or red and yellow.
